

PRODUCT OVERVIEW

CERTA-SET® MECHANIZED SOLID SET IRRIGATION

Certa-Set® provides a 21st Century irrigation solution. Certa-Set is the only solution that allows growers to install their solid-set irrigation system with less labor, quickly. With our patented material and coupling system, Certa-Set also allows growers to mechanize their irrigation system, where the pipe can be left in the field allowing growers to farm directly under the pipe during their irrigation season.

With our fully sealed, water tight system, Certa-Set efficiently utilizes your water ensuring each drop is applied and utilized more efficiently. At the end of the season, Certa-Set mechanization allows the pipe to be retrieved with less labor from the head of the field, without stepping foot into your field.

Certa-Set Benefits

Save on Labor, Save on Water

Cost Savings

- Retrieve & set pipe faster than aluminum
- Significantly reduce labor
- Cultivate under pipe without removing it from the field

Uniformity

- Crop Quality: reduce crop damage due to draining joints
- Eliminate tail water
- Crop yield: increase due to better uniformity and less crop damage

Increase Profitability Through Efficiency

- **Certa-Set With Mechanization Reduces Labor Costs**
 - Easy Installation: Pulling pipe into fields keeps workers out of the fields
 - Cultivate Under Pipe: No need for workers to enter the field to move pipe for cultivation
 - Easy Retrieval: Remove pipe from the edge of the field at five acres per hour
- **Certa-Set With Automation Increases Yields**
 - Nelson Irrigation's 1000 series valve allows one person to irrigate hundreds of acres and can be automated with Nelson's TWIG
 - Provides precise control over application of water
 - Best in class distribution uniformity
 - Pulse-irrigate in shorter sets with instant on technology
- **The Certa-Set System Increases Your Bottom Line**
 - Reduce man hours in every crop process
 - Reduce entries into the field
 - Reduces water usage
 - Reduces crop damage from standing water
 - Eliminates tailwater runoff
 - Increases yields

Certa-Set comes with an industry leading seven year pipe warranty. Visit our website for more information westlakepipe.com.
